Little Bit of Faith is about love, loss, hope, and grace.

We've Got Tonight *Folk* "The music's playing, dance with me...No matter what tomorrow brings, we've got tonight."

Little Bit of Faith *Inspirational/Jazz* "With a little bit of faith and a whole lot of grace, we'll make it through a life full of changes... have faith, believe."

Romeo & Juliet *Adult contemporary/piano* "I didn't know love songs could end this way... Meet me in my dreams, love me like only you can do."

What's It Like in Heaven? *Blues* "Can you see me? Can you hear me?...Are you watching our child grow?...What's it like in Heaven?"

One More Day *Blues* "You can take my house, my job, my money... Give me one more day with my true love."

Just Not the Same *Blues* "A new year is coming...What am I going to do? I don't want to start new, 'Cause it's just not the same without you."

What's Going On? *Blues/Jazz* "We've got bad guys shooting, people going hungry...A bunch of us are praying... Are you paying attention?"

Life Goes On *Blues* "Day after day after day I'm reminded that life goes on...I still reach across your pillow hoping you'll be there."

One Step *Folk* "The thing about grief, you can't know it 'til you're in it, and once you're there, it's not at all what you imagined it would be...Just take one step, it'll lead to another."

Kisses *Folk* "She laughs and sings, I'm counting my blessings...God still loves her so, He sends kisses on the cheek from Heaven."

Stories *Folk/Acoustic guitar* "I saw your star in the sky tonight and saved the wish for someone who didn't already have everything...Stories, stories, Bridging Heaven and Earth, tomorrow, today, and yesterday."

On Wings of Grace *Inspirational* "I was down in the valley of discouragement ...You sent me messages in the voices around me...I soar on wings of your amazing grace."
